### S.O.P. 14-1 COMMUNICATIONS/FIELD INCIDENT REPORTING

#### I. INTRODUCTION

The Communications/Field Incident Reporting system describes the personnel and various duties that shall be performed to collect information, process and file reports for the Department's records system.

#### II. DUTIES

##### A. Dispatch Center Officers' Duties:

The Dispatch Center is the point in the system at which most report processing originates. The dispatchers are responsible for:

1. Receiving complaints from all sources and relaying this information to officers to respond to those complaints;
2. Providing communications support to officers in the field;
3. Recording all activity of officers in the field and being continuously aware of their status and pending emergency conditions;
4. Recording law enforcement activities with the following documents:
  - a. Complaint Card: Used to record the receipt of a complaint or other notification of impending activity including traffic stops. After the complaint is answered, the time and nature of police action taken is recorded. All incidents and traffic stops which result in formal documentation by the responding officer are assigned a case number. **NOTE: The Complaint Card can either be a physical piece of paper or a computer record.**
  - b. Before completion of each tour of duty, the dispatcher will prepare an incident report log showing all actions documented by the shift. The format is as follows:

OFFICER # / TYPE OF CALL / LOCATION / DISPOSITION  
(Shown by patrol area)

**NOTE: The incident report log can either be a physical piece of paper or a computer record.**

B. Patrol Officers' Duties:

When providing normal law enforcement services, patrol officers perform four primary duties including patrol and surveillance, investigation of offenses, arrest of offenders, and public service and assistance. In performance of these duties, the following records shall be completed by law enforcement officers:

1. Incident Report: Used in describing the incident which has occurred and those actions taken by the officer; reporting names and other related information on persons involved in incidents; recording serialized and non-serialized articles, events, suspects and witnesses, statements and investigative leads, recording the details and events that led the officer to believe that a crime was committed, recording the details and events wherein a person or persons was arrested and brought to a detention center; incident reports are not to be used to report damage to police property that is not criminal in nature;
2. Miscellaneous Incident Report: Used in reporting those incidents that are non-traffic and non-criminal in nature;
3. Supplemental Incident Report: Used in recording follow-up investigations and all overflow information from the Incident Report;
4. Arrest/Booking Report: Used in recording details of an arrest and booking;
5. Officer Activity Log: Used primarily by officers to record their daily activities;
6. Uniform Traffic Citation: Used in recording a traffic violation
  - a. All citations will be written uniformly; all blanks to be filled in on citation.
  - b. When writing a citation, write plain and clearly.
  - c. The location is where the offense took place; not where the vehicle stops.
  - d. Use the City Street Names on all citations (First Street, McIntosh Street,)
  - e. Upon issuing citations, officers will be required to turn in completed citations with an arrest booking to his/her shift supervisor prior to ending his/her tour of duty.

- f. All officers are to write citations in order from the ticket book they are assigned to and complete it before going to another. Upon completion of a citation book the officer will turn the completed citation book into the records clerk at which time a thorough accounting will be performed before a new citation book is issued.
- g. Remember, when writing a citation that the subject is being arrested for, the jail gets the issuing department copy. The only exception is when a citation is going with a criminal warrant, then the issuing department copy is turned into Captain of UPD and the rest of the citation goes with the warrant.

- 7. Courtesy Warning Citation: Used in recording a traffic stop where a UTC is not issued;
- 8. Uniform Accident Report: Used in recording a vehicle accident;
- 9. Wrecker Pull/Vehicle Impound/Inventory Report: Used in recording a vehicle which is impounded/inventoried/pulled;
- 10. City of Lyons Summons (Citation); Used in recording city ordinance violations **(Note: The procedures for City Citation Books is the same as the procedures used for Uniform Traffic Citation).**
- 11. Officer will enter their reports into the department's computer system.

C. Shift Supervisors' Duties:

Shift supervisors are responsible for the immediate supervision, control and administration of personnel on their shift, and for activities or incidents which occur during their shift. Duties include reviewing and approving all reports generated during the shift, in order to ensure that each is clear, accurate, legible, and completed according to established procedures and policies.

Shift supervisors shall account for each complaint number issued and the corresponding complaint cards with required reports, using the Incident Report Log as the final check.

D. Records Personnel's Duties:

The records personnel are responsible for the distribution, indexing, filing, and retrieval of information resulting from investigations and other activities conducted by the Department. Records personnel perform the following functions:

- 1. Receiving and verifying all reports entered into the Department's computer system;

2. Distributing copies of forms and reports to the courts and prosecutor when required;
3. Indexing and filing Departmental copies of all reports. To include copying arrest file data to the department's archive system. Arrest file data will include the following items at a minimum:
  - a. Completed fingerprint cards
  - b. Copy of criminal history transcript
  - c. Booking photograph
  - d. Copy of arrest report;
4. Receiving, entering, and updating all arrest and booking reports in the Department's computer system. Records personnel will ensure that each person arrested has only one jail management ID number;
5. Forwarding fingerprint cards to GCIC;
6. Forwarding criminal dispositions requested;
7. Entering, updating and canceling GCIC/NCIC entries (in coordination with the Dispatch Center);
8. Entering, updating, and canceling warrants in the department's computer system.
9. Extracting data which are needed for the UCR and existing internal reports, and generating these reports;
10. Records processing - All forms used in the Incident Reporting and Records Management System will be processed by the records personnel. These forms and duties are outlined below:
  - a. Complaint Card, Incident Report, Miscellaneous Incident Report, Supplemental Report, Uniform Traffic Ticket, Courtesy Warning Citation, Accident Report. Received for all pertinent agency activities. Used for:
    - 1). Extracting data needed to complete UCR and departmental reports;
    - 2). Storing documents in the appropriate files.

- b. Arrest/Booking Report - Provides details of the arrest, booking and court disposition. Used for input into UCR and filed in Arrest File and Case File;
- c. GCIC/LEDS Worksheets - Used to enter, add, cancel, delete information to the GCIC/NCIC System.

## **STANDARD OPERATING PROCEDURE**

**EFFECTIVE: February 1, 2012**

### **S.O.P. 14-2 RELEASE OF INFORMATION TO THE NEWS MEDIA**

#### **I. PURPOSE**

It is the purpose of this policy to establish guidelines for release and dissemination of public information to print and broadcast news media.

#### **II. POLICY**

It is the policy of this law enforcement agency to cooperate fully and impartially with authorized news media representatives in their efforts to gather factual, public information pertaining to activities of the department, as long as these activities do not unduly interfere with departmental operation, infringe upon individual rights or violate the law.

#### **III. DEFINITIONS**

- A. Public Information: Information that may be of interest to the general public regarding policy, procedures or events involving the department or other newsworthy information that is not legally protected, does not unduly interfere with the mission of the department, infringe upon the rights of a defendant or compromise the legitimate safety and privacy interests of officers, victims, witnesses or others.
- B. News Media Representatives: Those individuals who are directly employed by agencies of the electronic or print media such as radio, television and newspapers. Freelance workers in this field are to be regarded as other members of the general public unless otherwise designated by the departmental chief executive.
- C. Public Information Officer (PIO): The department's PIO serves as a central source of information for release by the department and responds to requests for information by the news media and the community.

#### **IV. PROCEDURES**

##### **A. Duties of the PIO**

The department's PIO is available to

1. Assist news personnel in covering routine news stories, and at the scenes of incidents;

2. Assist the news media on an on-call basis;
3. Prepare and distribute news releases;
4. Arrange for, and assist at, news conferences;
5. Coordinate and authorize the release of information about victims, witnesses and suspects;
6. Assist in crisis situations within the agency; and
7. Coordinate the release of authorized information concerning confidential agency investigations and operations.

**B. Cooperation with the Media**

1. Authorized news media representatives shall have reasonable access to the PIO, the agency's chief executive or his designee and operations of the government as governed by this policy. When information must be denied to a media representative, the basis for that denial shall be fully and courteously explained.
2. This department recognizes authorized identification from all local, national and international news organizations. Failure of media personnel to present authorized identification may provide grounds for restricting access to requested information or to incident scenes.
3. Public information shall be released to the media as promptly as circumstances allow, without partiality and in as objective a manner as possible.
4. Public information may be provided to media representatives by telephone if the identity of the representative is known or can be authenticated.
5. Ranking officers at crime or incident scenes may release information of a factual nature to the media as governed by this policy or refer the inquiry to the PIO. Where the officer is unsure of the facts or the propriety of releasing information, he shall refer the inquiry to the PIO.
6. Written press statements shall be released only following approval of the department's chief executive or his designee.
7. The dispatch center shall inform the watch commander as soon as possible upon receipt of information about events or activities that may have media interest.
8. The watch commander shall be responsible for ensuring that the agency's PIO or chief executive is informed of events that may have media interest.

C. Investigative Information

From the initial stage of a criminal investigation until the completion of trial or disposition without trial, police personnel shall refer all requests for information to the department chief executive or his designee.

1. Information that may be released in connection with an investigation of an event or crime includes:
  - a. the type or nature of an event or crime;
  - b. the location, date and time, injuries sustained, damages and a general description of how the incident occurred;
  - c. type and quantity of property taken;
  - d. the identity and approximate address of a victim with the exception of sex crime victims, and in other cases where reprisals or intimidation may be employed;
  - e. requests for aid in locating evidence, a complainant or a suspect;
  - f. numbers of officers or people involved in an event or investigation, and the length of the investigation; and
  - g. name of the officer in charge of a case, his supervisor and division or unit assignment (exception: the name of any undercover officer will not be released).
2. Information that may not be released in connection with an investigation of an event or crime, unless authorized by the department chief executive or his designee, include
  - a. The identity of a suspect prior to arrest unless such information would aid in apprehending the suspect or serve to warn the public of potential danger;
  - b. The identify of any victim of a sex crime or any related information which, if divulged, could lead to the victim's identify;
  - c. The identity of victims or witnesses if such disclosure would prejudice an investigation to any significant degree, or if it would place the victim in personal danger;
  - d. The identity of any juvenile who is a suspect or defendant in a case subject to the jurisdiction of the juvenile court;

- e. The identity of any critically injured or deceased person prior to notification of next of kin;
- f. The results of any investigative procedure such as lineups, polygraph tests, fingerprint comparison, ballistics test or other procedures (the fact that these tests have been performed may be revealed without further comment);
- g. Information which, if prematurely released, may interfere with the investigation or apprehension such as the nature of leads, specifics of an "MO", details of the crime known only to the perpetrator and the police, or information that may cause the suspect to flee or more effectively avoid apprehension;
- h. Information that may be of evidentiary value in criminal proceedings;
- i. Specific cause of death unless officially determined by the medical examiner; and
- j. The home address or telephone number of any member of the department.

D. Arrest Information

- 1. Following arrest, issuance of an arrest warrant or filing of an information or indictment, it is permissible to release
  - a. The accused's name, age, residence, occupation and family status;
  - b. The time and place of arrest whether pursuit or resistance was encountered, whether weapons were used, charges placed against the suspect and description of contraband seized;
  - c. The identity of the arresting officers and the duration of the investigation unless the officers are engaged in undercover operations; and
  - d. The amount of bond, scheduled court dates and place of the suspect's detention.

2. Following arrest and formal charging of a suspect, but prior to adjudication, the following types of information should not be released without express permission of the department's chief executive:
  - a. Prior criminal conviction record, character or reputation of a defendant
  - b. Existence or contents of any confession, admission or statement of a defendant, or his failure or unwillingness to make a statement
  - c. Performance or results of any tests, or a defendant's refusal or failure to submit to tests such as a polygraph
  - d. Identity, statement or expected testimony of any witness or victim
  - e. Any opinion about the guilt or innocence of a defendant or the merits of the case
  - f. Any opinion or knowledge of the potential for a plea bargain or other pretrial action

E. Special Considerations - Criminal Matters

1. Departmental personnel shall extend every reasonable courtesy to news media representatives at crime scenes. This may include closer access of personnel and equipment than available to the general public to the degree that it does not interfere with the police mission or the movement of traffic.
2. The news media shall not be allowed access to any area or scene of an incident or crime where there is a possibility that evidence may be damaged, altered, destroyed or otherwise prejudiced by its existence being published or portrayed. Once evidence has been processed, removed and secured by the department, the media may be allowed to enter by permission of the commanding officer at the scene.
  - a. On private property, photography, film or videotape recording requires the permission of the owner or the owner's representative.
  - b. Suspects or accused persons in custody shall not be posed or arrangements made for photographs, telecasts or interviews, nor shall departmental personnel pose with suspects or accused persons in custody.

- c. When an individual is charged with a criminal offense and is sought by law enforcement authorities, photographs or mug shots may be released to the media to help locate the individual. No departmental photographs, mug shots, videotape, film or composites of subjects in custody shall otherwise be released to the media unless authorized by the department chief executive or authorized designee.
  3. At the scene of major crimes, such as hostage and barricade situations, the officer in charge shall designate a preliminary press area as early as possible and as close to the scene as safety and operational requirements allow.
  4. The fact that a suicide or suspected suicide has occurred may be reported to the media, along with factual information describing how it happened. The name, age, address, sex and occupation of the victim may also be released following notification of next of kin. The fact that a suicide note exists may also be acknowledged without further comment. The content of such notes is personal and confidential and shall not be released except as provided by law.
- F. Special Considerations – Non-criminal Matters
1. At the scene of significant accidents, man-made or natural catastrophes, the principles of media cooperation shall be maintained to the degree that they do not interfere with the mission of the police, fire, medical or other emergency relief workers.
  2. Media access to and movement within fire lines shall be controlled by the fire officer in charge. In consultation with the fire officer in charge, the ranking police officer at the scene shall establish an observation point from which the media may observe and photograph the incident.
    - a. At the discretion of the officer in charge, an inner perimeter may be established for the media from which to record the event.
  3. News media representatives should not be prevented from access to any area solely because of the possibility of their injury or death. If this is the only consideration, the media representative should be advised of the danger and allowed to make the decision to enter on his/her own volition.
  4. Sensitive information relating to internal investigation of police officers shall not be released without the express permission of the department chief executive.

5. Daily administrative reports of criminal activity will be made available on a routine basis to media representatives. Statistical reports of criminal activity will also be made available to the media.
6. Media representatives shall be denied access to the contents of investigative or incident reports and records where release of the information would;
  - a. Interfere with law enforcement proceedings, including pending investigations;
  - b. Deprive a person of the right to a fair trial or an impartial adjudication, or give one party to a controversy an undue advantage by exclusive access to such information;
  - c. Constitute an unwarranted invasion of the personal privacy rights of another person;
  - d. Reveal the identity of an individual who has furnished information to the department under confidential circumstances;
  - e. Disclose investigative techniques and procedures, thereby impairing future effectiveness of the department; or
  - f. Endanger the life or physical safety of any person.

The press serves the public by supplying information, stimulating thought, and providing a medium for expression. The news media exercises a genuine interest in the public good and greatly influences public opinion. Crime, its results, and the efforts to combat it are matters of continuing public concern. The Department is regularly involved in events at which members of the news media are present and gathering information.

#### B. Role of the Department

The Department actively seeks to establish a cooperative environment in which the news media may obtain information on matters of public interest without hampering departmental operations. However, certain information will be withheld from the news media to protect the constitutional rights of an accused, to avoid interfering with a Department investigation, or because it is legally privileged (see S.O.P. 14-2 Dissemination of Protected Information).

#### C. Responsibility for the Release of Information

1. When an event being investigated is of a spectacular or unusual nature and stimulates general community interest, the news media will be notified at the discretion of the Chief of Police or his designee.

2. When an incident involving departmental policy or the interpretation of policy occurs, or statements are requested which may adversely reflect on the Department's reputation, the release of information will be made at the discretion of the Chief of Police or his designee.
3. A release of information in an on-going investigation shall be made at the discretion of the Chief of Police or his designee.
4. In other cases, the type of information listed in Section 3 below may be released by the ranking officer present, upon approval of the Chief of Police or his designee.

D. Scope of Content for News Releases

In cases other than on-going criminal investigations, only the following information shall be made available to the news media:

1. Accused's name (if adult), age, residence, sex, race, employment, and marital status. If juvenile, arrest status only;
2. Originating source of information for the action, either citizen complaint, officer initiated, warrant or indictment;
3. The length of the investigation and present status, either active or concluded;
4. The immediate circumstances surrounding the arrest including time, place, any acts of resistance on the part of the arrestee, and a description of any items seized;
5. Information on the victim shall be limited to the following:
  - a. If a victim is killed or seriously injured as a result of the action, his/her name or address cannot be released pending notification of next of kin;
  - b. If it involves a crime against a person:
    - 1). physical status (e.g., hospitalized with a gunshot wound);
    - 2). relationship to suspect;
    - 3). sex; age; race.
  - c. If it involves a property crime other than a business, identification of the victim, no address. An address can be included on businesses.

6. Officers and employees of the Department shall not make statements at public gatherings concerning the plans, policies, or affairs of the administration of the Department unless directed by the Chief of Police;

7. Responsibility for publicity for the Department shall be delegated by the Chief of Police.

D. Releasing Photographs to the Media

Employees of the Department will neither encourage nor discourage the media from photographing or televising defendants when they are in public places. Employees of the Department shall not position or pose the accused for the benefit of the media.

E. Allowing News Media to Enter Area of a Serious Incident or Crime Scene

Police lines may be established to prevent persons from entering the area of a serious incident or crime scene. Dependent upon the tactical situation and the likelihood of jeopardizing police operations, members of the news media may be allowed in these areas. Authorization for entry is normally dependent upon the judgment of the supervisor present. While the news media may be permitted in the area of a crime scene or a serious incident, he/she does not have the authority to be within an area which has been secured to preserve evidence, or at any location where his/her presence jeopardizes police operations.

F. News Media Not Exempt from Laws

A newsperson's primary responsibility is to report the news by obtaining information and photographs of newsworthy incidents. His/her opportunity to do so is frequently at an emergency scene. An officer sharing these circumstances with a newsperson should not obstruct him in the performance of his/her duty. However, members of the news media are neither implicitly nor expressly exempt from the requirements of any municipal, state, or federal statute.

G. Requesting Withholding of Publication

Newspersons may photograph or report anything they observe when legally present at any emergency scene. When publication of this coverage would interfere with an official investigation or place a victim, suspect, or others in jeopardy, the withholding of publication is based on decisions of a cooperative press, not censorship by the Department. Under these circumstances, officers should advise newspersons or their superior officers of the possible consequence of publication. However, officers may not interfere with newsperson's activities as long as the newsperson's performance remains within the confines of the law.

## S.O.P. 14-3 DISSEMINATION OF PROTECTED INFORMATION

### I. INTRODUCTION

The Department shall disseminate accurate and factual accounts of occurrences of public interest not protected by law. This dissemination is to be made with consideration of an individual's legal rights and the confidentiality of Department records.

### II. RULES AND REGULATIONS

- A. Records maintained or originated by the Department which are and are not covered by Federal and State Privacy Laws:

#### Covered

Arrest Fingerprints  
Final Disposition  
Misdemeanor "Rap Sheets"

#### Not Covered

Uniform Crime Reporting Form  
Incident Report  
Supplemental Report  
Felony "Rap Sheets"  
Arrest Booking Report  
Uniform Traffic Ticket  
Radio Log  
Jail Docket  
Complaint/Dispatch Cards  
Miscellaneous Incident Reports

- B. Release of all criminal history information to individuals shall be done in accordance with the Rules of the Georgia Crime Information Center Council.
- C. The release of any photograph made by the Department shall be as follows:
1. Crime Scene - Any photograph made at the crime scene, or for any official on-going investigation, shall be processed and made available only to the investigating officer, investigating agency, or to the District Attorney. No photographs shall be disseminated to, or viewed by, anyone else without the written approval of the Chief of Police, the District Attorney, or without a Court Order.

2. Traffic Scene - Provided no death or serious injury resulted, traffic accident photographs may be reproduced and released to the victim's insurance company, or its agent, or to the victim's attorney, for civil action. Disseminations are subject to a fee to cover the associated costs. When death or serious injury occurs in an accident, no photograph shall be released to anyone, other than the investigating officer/agency, or the District Attorney, unless approved in writing by the Chief of Police, the District Attorney, or without a Court Order.
3. Uniform Crime Reporting - Each law enforcement agency is required by law to participate in the Uniform Crime Reporting (UCR) program. UCR reports include:
  - a. Reports of criminal offenses reported to or investigated by law enforcement agencies;
  - b. Reports of persons arrested (Arrest/Booking Report and Incident Report);
  - c. Reports of offenses cleared by arrest or exceptionally cleared;
  - d. Special reports on juveniles arrested for DUI (Juvenile DUI Arrest Reports);
  - e. Special reports on all homicides;
  - f. Special reports on law enforcement officers killed or assaulted in the line of duty;
  - g. Special reports on known or suspected arson;
  - h. Special reports on juvenile arrests or administrative dispositions of juvenile offenders;
  - i. Special reports on the number and type of law enforcement agency employees.
4. Applicability of State and Federal Laws and Regulations: All State and Federal Statutes not referenced in this procedure shall be adhered to by the employees of this Department and shall supersede this procedure if some conflict should exist between it, the law, or GCIC Rules and Regulations.

## STANDARD OPERATING PROCEDURE

EFFECTIVE: February 1, 2012

### S.O.P. 14-4 INDIVIDUAL INSPECTION OF CRIMINAL HISTORY

#### I. INTRODUCTION

The Lyons Police Department will assist citizens who request to inspect their local or Georgia criminal history records. This assistance will only be provided upon the establishment of the persons identity, as prescribed in the implementing procedures of this standard operating procedure.

#### II. PROCEDURES

##### A. Local Records Check:

1. Records Clerk: When a citizen requests to inspect his/her criminal history record, the clerk will determine if the person wishes to inspect his/her local record or Georgia criminal history record.
  - a. If the person wishes to inspect his/her local record, the clerk will positively identify the person. Positive identification for a local records check **SHALL** include the presentation of a Georgia Drivers License or an Identification Card issued by the Georgia Department of Public Safety or a Military Identification Card **AND** the vouching for the person's identity by a member of the department or a citizen known to a member of the department.
  - b. If the person has been identified and requests a local records check:
    - 1). Complete the Request to Inspect Local Record Form. This form must be signed and notarized.
    - 2). Inform the person that the charge for a local records check is \$15.00. The fee may be paid in cash, by cashiers or certified check or by money order.
    - 3). Give the person the Records Inspection Form and direct them to the Senior Records Clerk.
2. Senior Records Clerk: Check the Records Inspection Form, if it is complete, then check the local files:
  - a. If the person does not have a record in our files, enter "NO RECORD, LOCAL FILE CHECK ONLY," sign the form and return a copy to the person and file the original in the Record Check Folder.

- b. If the person has a record in the local files, show, BUT DO NOT GIVE THEM, a copy of the record. If they verify that the record is/are correct; have the person sign and date Part II, Verification of Record, of the Record Inspection Form. File the signed and dated form in the Verified Record Folder.
- c. Log the dissemination in the CHRI in the dissemination log in the Records Room. The purpose of the dissemination is "Record Inspection."
- d. If the person challenges the accuracy of the record, have them complete Part III, Challenge of Record, of the Record Inspection Form. Inform the subject that the Captain of the Administrative Services Division will investigate their claim and contact them within FIVE days to resolve their claim.
- e. Log the dissemination to the person requesting to inspect his/her record and the dissemination to the Captain of the Administrative Services Division in the CHRI log.

3. Captain, Administrative Services Division:

- a. Upon receipt of Record Inspection form take the appropriate action to investigate the matter and contact the person within FIVE days to settle the claim. If unable to settle refer the matter to the City Attorney through the Office of the Chief.
- b. If assistance is needed contact the GCIC Security Officer at 404-244-2603.

B. Georgia Records Check

- 1. Records Clerk: If the person wishes to inspect his/her Georgia record the person **SHALL BE FINGERPRINTED ON AN APPLICANT (BLUE) FINGERPRINT CARD** as proof of the persons identity.
  - a. Inform the person that a Georgia Records Check will cost \$25.00 payable by Certified Check or Money Order made payable to the Georgia Bureau of Investigation.
  - b. Have the person complete all the Blocks on the Applicant (Blue) Fingerprint Card using a BLACK ballpoint pen except the Reason Fingerprinted Block. This Block is to be completed by the Desk Clerk. The Desk Clerk will enter the following in the Reason Block: "RECORD INSPECTION."

- c. Enter the subjects home address in the ORI BLOCK on the Applicant Fingerprint Card.
  - d. Inform the person to obtain the certified check or money order payable to the Georgia Bureau of Investigation and return to be fingerprinted. Explain that after they are fingerprinted, the Certified Check or Money Order will be sent with their fingerprints to GCIC. GCIC will check their record and their record will be returned to them.
  - e. Direct the person to the Criminal Investigations Division or the Detention Center to be fingerprinted when they return with the certified check or money order.
2. Fingerprinting Officer: Check the Information Blocks and the Applicant (Blue) fingerprint cards, if they are complete, fingerprint the person and place the Certified Check or Money Order and the completed fingerprint card in an envelope, seal the envelope and return the envelope to the Records Clerk for mailing to GCIC.
  3. Records Clerk: When the Fingerprinting Officer returns the sealed envelope, place a mailing label on the envelope and mail to GCIC.

### S.O.P. 14-5 RELEASING CRIMINAL HISTORY INFORMATION TO NON-CRIMINAL JUSTICE AGENCIES AND INDIVIDUALS

#### I. INTRODUCTION

The Lyons Police Department will provide criminal history information to a non-criminal agencies and individuals upon receipt of a signed, notarized, Consent Form and the payment of a fee.

#### II. PROCEDURES

- A. Records Clerk: Consent forms (UPD Form CHRI-001) are available from this department. They will be issued upon request. Instruct the person to whom the form is issued to fill out the form and have it notarized in duplicate. When a request using a consent form is received from a non-criminal justice agency or individual it will be delivered to the Captain of the Administrative Services Division or his/her designee prior to any action being taken.
- B. Captain, Administrative Services Division: Review all requests for criminal history information by non-criminal justice agencies and individuals to ensure all necessary information is provided and the request is signed by the subject of record and properly notarized. Once the information has been verified, the Captain will authorize the Senior Records Clerk to request the information by initialing the form, annotating the form "USE PURPOSE CODE E ONLY" on the face and delivering the form to the Senior Records Clerk.
- C. Senior Records Clerk: Log each request prior to requesting the information over the terminal. All requests for CHRI for non-criminal justice agencies/individuals will "USE PURPOSE CODE E ONLY". If "NO RECORD" is received, the remarks section of the CHRI log shall contain the words "NO RECORD." If a positive response is received from the NAME, SEX, RACE, DOB, SSN inquiry, the terminal operator shall transmit a FQ message requesting the full rap sheet. The STATE and FBI numbers from the positive response shall be entered on the log. When the rap sheet is received from the terminal, it shall be attached to the request for criminal history records and placed in an envelope with the name of the person designated to receive the record written on the envelope. The original copy of the consent form shall be filed with the CHRI log.
- D. Delivery of the Information: The information will only be delivered to the person whose name appears on the envelope containing the duplicate copy of the signed notarized consent form and the NO RECORD or rap-sheet. Positive identification is required.

- E. All employees are reminded that any violation of these procedures can result in criminal prosecution or other administrative action to include termination, suspension, or other form of disciplinary action authorized by the personnel policies.

## **STANDARD OPERATING PROCEDURE**

**EFFECTIVE: February 1, 2012**

### **S.O.P. 14-6 POLICIES AND PROCEDURES FOR GCIC/NCIC RECORD ENTRY**

#### **I. POLICY**

It is the Policy of the Lyons Police Department to follow GCIC/NCIC guidelines for entry procedures of all records of the GCIC/NCIC Computer Network.

#### **II. INTRODUCTION**

All law enforcement agencies shall enter (or cause entry of) information in GCIC and/or NCIC computerized files pertaining to wanted and missing persons, unidentified dead bodies, and serial-numbered property reported as stolen when the required data elements become available.

Each GCIC/NCIC computerized file entry must contain the valid identifier (ORI) of the criminal justice agency responsible for the entry. Responsibilities for the record include entering and updating the record, confirming a hit on the record, and removing the record when it is no longer active or valid.

Record entries shall be made within 12 hours after a determination by the investigating agency that a wanted person should be arrested or that a vehicle or other property identifiable by serial number or owner-applied number was stolen. When agencies receive reports of missing minors, including runaways, records must be entered immediately.

All record entries must be supported by official documents which reflect initial and continuing efforts to apprehend wanted persons or to recover identifiable, serial-numbered stolen property. Originals of arrest warrants must be on hand to support wanted persons record entries.

Agencies with terminals on the Georgia CJIS Network shall maintain these supporting documents in their files until such time as wanted/missing persons are located, stolen property is recovered, or the record entries are removed from the computerized files. When the reasons for record entries are no longer valid, the entries must be removed from GCIC and NCIC computerized files immediately.

#### **III. PROCEDURES**

Vehicle Entry - It will be the responsibility of the officer taking the incident report to give a copy of the report to the Records Clerk for entry on the GCIC/NCIC computer.

The Records Clerk must perform an inquiry on the license plate information and/or vehicle identification number prior to entering the record. This inquiry must be done to ensure that the information contained in the report is accurate. If the inquiry produces a "not on file" response, the record will be entered based on the information contained in the report. If the information received from the inquiry does not match the information contained in the report, a supervisor must be contacted to have the information verified. If the information is changed to correspond with the information obtained from the computer, all copies of the report must be corrected.

A LEADS worksheet is to be filled out with the vehicle information prior to entry. A copy of the incident report is to be attached to the original LEADS worksheet along with the computer printout showing tag/vehicle identification number information, the computer printout showing SRN number and NIC number. The operator is then to do an inquiry based on the SRN number. The completed LEADS worksheet (with attachments) and the inquiry are to be placed in the appropriate box for review by a second person. After review by second person, any and all corrections are to be made and the file then placed in the TAC's box for review. After review by TAC, the file will then be ready to be filed. The copy of the LEADS worksheet is to be forwarded to the Investigative Services Division to be placed in the case file.

When a vehicle is cleared or canceled, the computer printout will be attached to the original LEADS worksheet and forwarded to the Investigative Services Division to be placed in the case file. The original report is to be stamped (with the GCIC/NCIC entry stamp) with the appropriate information filled in prior to the original report being forwarded to the Administrative Services Division. Recovered/Abandoned Vehicles - Georgia law requires law enforcement agencies to enter records on vehicles which have been abandoned and impounded by law enforcement agencies or reported as impounded by operators of wrecker services or vehicle storage facilities in the vehicle file.

FOLLOW THE SAME PROCEDURE AS LISTED FOR VEHICLE ENTRY. (Except: do not send the copy of LEADS worksheet to the Investigative Services Division).

Property Entry (i.e. Guns, Articles, Boats, Securities) - It will be the responsibility of the Records Clerk to review all reports to ensure that stolen/missing property is entered on the computer. The Records personnel will review the reports that are forwarded from the precincts and make copies of the ones that have property reported as stolen/missing and contain the necessary information to make the computer entry. Those reports that do not contain the necessary information need not be copies; it will be the responsibility of the investigator handling the case to submit the report for entry after obtaining the required information.

An inquiry is to be performed on the reported stolen/missing item prior to entry to determine if the item is already on computer. A LEDS worksheet is to be filled out prior to entry. A copy of the incident report is to be attached to the original LEDS worksheet along with the computer printout showing SRN and NIC numbers. An inquiry by SRN number will then be performed. The computed LEDS worksheet (with attachments) is to be placed in the appropriate box for review by a second person. After review by second person the file is to be placed in the TAC's box for review. After review by the TAC, the file will be returned for filing. The copy of the LEDS worksheet is to be forwarded to Criminal Investigations Division to be placed in the case file. The original report is to be stamped (with GCIC/NCIC entry stamp) with the appropriate information filled in prior to being forwarded to the Administrative Services Division.

When property is cleared or canceled from the computer, the computer printout will be attached to the original LEDS worksheet and forwarded to the Criminal Investigations Division to be placed in the case file.

Runaway Juveniles - It will be the responsibility of the officer taking the incident report to give a copy of the report to the Records Clerk for entry on the GCIC/NCIC computer (all runaway/missing juveniles must be entered immediately).

A drivers license inquiry should be performed either by name, DOB, race, sex or by OLN number. A LEDS worksheet is to be filled out with the required information prior to entry. A copy of the incident report is to be attached to the original LEDS worksheet along with the computer printout showing SRN and NIC numbers. An inquiry by SRN number should then be performed. The completed LEDS worksheet (with attachments) is to be placed in the appropriate box to be checked by a second person. After being checked by a second person the file is then placed in the TAC's box for review. After being reviewed by the TAC it will be returned for filing. The copy of the LEDS worksheet is to be forwarded to the Investigative Services Division to be placed in the case file. The original report is to be stamped with the (GCIC/NCIC stamp) and the appropriate information filled out prior to the original report being forwarded to the Administrative Services Division.

When the juvenile has been picked up, the record is to be cleared from the computer. If the juvenile returns home and the agency is notified by the parents/guardian, the record is to be canceled from the computer. The computer printout is to be attached to the original LEDS worksheet and forwarded to the Criminal Investigations Division to be placed in the case file.

Warrant Entry - Officers obtaining warrant will submit those warrants to the Records personnel for entry on the GCIC/NCIC computer. If the person is to be available for pick-up nation wide, a copy of the signed extradition paper must be attached to the warrant when it is submitted for entry.

The Records personnel must perform the following inquiries prior to completing the warrant LEDS worksheet:

1. Wanted Person Inquiry
2. Drivers License Inquiry (by name, DOB, race, sex or OLN)
3. Criminal History Inquiry

This is to ensure that all information is available (i.e. alias names, additional DOBs, social security numbers, etc).

If you perform a drivers license inquiry either by name or OLN and it comes back not on file and you obtain other names and social security numbers and dates of birth from your criminal history inquiry, make sure that you run drivers license inquiries on these additional names and social security numbers and dates of birth to see if they are on file.

A LEDS worksheet is to be filled out prior to entry. A copy of the warrant, signed extraditions paper (if pick-up is nation wide) and all the computer printouts including the printouts showing SRN and NIC numbers are to be attached to the original LEDS worksheet. An inquiry by SRN number should then be performed. The completed LEDS worksheet (with attachments) is to be placed in the appropriate box to be checked by a second person. After review by second person, the file is to be placed in the TAC's box for review. After being reviewed by the TAC, will be returned for filing. The copy of the LEDS worksheet will be attached to the original warrant and returned to the Investigator's Office (the original warrant must be stamped with the GCIC/NCIC stamp) with the appropriate information filled out prior to being returned to the Investigator's office.

If the subject is arrested, the copy of the LEDS worksheet is to be attached to the original LEDS worksheet and the person is to be cleared from the computer. The computer printout will be attached to the LEDS worksheet and then filed in the proper file (cleared/canceled file).

If the warrant is recalled or dismissed, the copy of the LEDS worksheet is to be attached to the original LEDS worksheet and the person is to be canceled from the computer. The computer printout will be attached to the LEDS worksheet and then filed in the proper file (cleared/canceled file).

Supplemental record entries must be made for all available information (all AKA's must be entered, all additional DOBs must be entered, all social security numbers must be entered).

Missing Persons - It will be the responsibility of the officer taking the incident report to provide a copy of the report to the Records Clerk for entry on the GCIC/NCIC computer. The following inquiries should be made prior to filling out the missing persons LEDS worksheet:

1. Drivers license inquiry
2. Wanted person inquiry
3. Criminal History Inquiry

This is to ensure that all information is available (i.e. alias names, additional DOBs, social security numbers, etc). A LEDS worksheet is to be filled out prior to entry. A copy of the incident report is to be attached to the original LEDS worksheet along with the computer printouts including the computer printout showing the SRN and NIC numbers. An inquiry by SRN number will then be performed. The completed LEDS worksheet (with attachments) is to be placed in the appropriate box for review by a second person. After review by a second person, the file is to be placed in the TAC's box for review. After being reviewed by the TAC, it will be returned for filing. The copy of the LEDS worksheet is to be forwarded to the Investigative Services Division to be placed in the case file.

When the missing person has been located, the record is to be cleared from the computer. The computer printout (showing cleared/canceled) is to be attached to the original LEDS worksheet and forwarded to the Investigative Services Division to be placed in the case file.

If the missing person returns home, the record is to be canceled from the computer. The computer printout (showing clear/canceled) is to be attached to the original LEDS worksheet and forwarded to the Criminal Investigations Division to be placed in the case file.

All entries made on the GCIC/NCIC computer will be checked by a second person and the TAC prior to being filed in the appropriate file. This is to make sure that names are spelled correctly, all information is entered correctly, and that all supplemental information is entered correctly.

The operator checking the entry is to place his/her initials in the upper right hand corner of the LEDS worksheet.

#### CLEARING/CANCELING RECORDS

##### Wanted Persons:

If the warrant has been dismissed by the court, the record needs to be canceled. Make sure that the copy of the LEDS worksheet is obtained from the Investigative Services Division. Pull the original LEDS worksheet from the file, cancel the entry from the system. Attach all paperwork together (copy of the LEDS worksheet, computer printout showing clear/cancel, original LEDS worksheet) and file in the appropriate file (clear/canceled file).

If the person is arrested, the record is to be cleared. Obtain the copy of the LEDS worksheet from the Criminal Investigations Division or from the booking officer if arrested by our agency. If arrested by another agency, upon confirming the request for hit confirmation, make sure that a locate message is obtained. Pull the original LEDS worksheet from the file, clear the entry from the system. Attach all paperwork together (copy of LEDS worksheet, computer printout showing clear/cancel, original LEDS worksheet, locate message) and file in the appropriate file (clear/cancel file).

Vehicle - Guns - Articles - Boats - Securities:

If the referenced item is recovered by another agency, upon confirming the request for hit confirmation, make sure that a locate message is obtained. Pull the original LEDS worksheet from the file, clear the record from the system. Attach all paperwork together (locate message, clear/cancel printout, etc) and forward to the Criminal Investigations Division. If the referenced item is recovered by our agency, pull the original entry from the file, clear the record from the system. Attach all paperwork together (copy of incident report showing recovery, computer printout showing clear/cancel, etc.) and forward to the Criminal Investigations Division.

If the record is determined to be invalid, cancel the record from the system. Pull the original LEDS worksheet from the file, attach all paperwork together (copy of incident report, computer printout showing clear/cancel, etc) and forward to the Criminal Investigations Division.

#### VALIDATION PROCEDURES FOR STOLEN SERIAL NUMBERED PROPERTY RECORDS:

Investigators follow up reports are checked on the in-house computer database for recovery or and other additional information.

An inquiry is made by the TAC, against the record and compared character by character and by ORI against the supporting documentation, additional information is added and incorrect information is corrected, if possible, or the record is canceled and re-entered.

The complainant is contacted by certified letter and asked to respond within 10 days to the TAC to insure that the property has not been recovered or found.

An NAQ file inquiry is made for all stolen cars, trucks, vans, ATV's, and Motorcycles that were manufactured after 1980 and are entered with a VIN.
